

MC DANCE 2021 - 2022
LEVEL PAY - Staff Rates
Choreography Rates effective 7/8/2021
Private Lesson Rates effective 7/15/2021

Choreography Fee Levels: Choreography fees and private fees will remain the same. The choreography tiers MC uses bring consistency to our studio and alignment with industry standards. The choreography fee is for the creation of the dance with a maximum of 3 hours total to learn the choreography. It does not include the private lesson cost to perfect the choreography. The choreography fee includes personalized choreography and music editing. Once complete each dancer "owns" the rights to the choreography and has the option to continue working with the choreographer or select another MC faculty member to clean the dance.

Fees: One half is due the Monday before the first private lesson, one-half of the choreography fee will be due and the second half is due the Monday immediately following the completion of the choreography. Choreography fees are tiered to match the experience of each Faculty or instructor.

Private Lesson Scheduling: Each staff members availability varies is set individually by them, as privates are extra opportunities for additional revenue. If a dancer's studio account is in arrears no privates will be allowed until account is brought up to date. Private lessons are billed on the 1st and 15th of every month.

Privates can be set up week-by-week, bi-weekly or monthly. Most of our Faculty prefer to set their privates recurring for the entire semester for consistency for them, and for the dancer/parent. Please note for regular bookings, regular private times do not apply to holidays.

Privates are only done in 30 min segments. You can do a private back to back to make for an hour.
